

Connecting Information Technology to Prosperity

Kristen Dixon
*President and Owner,
Midwest ComTel*

Midwest ComTel provides both services and hardware to telecommunications and cable service providers such as AT&T and Verizon. Owner and President Kristen Dixon has reached out to Stark State College's technical program on several occasions to fill technical and administrative positions within her organization. These hires are successful, integral members of the MCT family. "These programs streamline our process to find individuals who will become crucial members of the team and grow with the company," she says.

Nancy Smith
*Compliance Officer,
Midwest ComTel*

Once a mainframe programmer, Nancy Smith transitioned to management where her new responsibilities did not include programming. She joined Stark State College's program, similar to the TechHire network supported by ConxusNEO. Nancy explains, "It afforded me the opportunity to upskill and be competitive in today's IT market."

Dr. Para Jones
*President,
Stark State College*

From her position as head of an educational bridge between early education and employment, Dr. Para Jones understands the importance of technical training certificate programs for job seekers like Nancy who are looking to update their skills and move toward prosperity. "That's why I'm excited to join with ConxusNEO to launch the new TechHire program," she says.
